FOUNDER DIRECTOR

Bachelor of Education (B. Ed) Program Learning Outcomes:

After the completion of the B.Ed. Program, students will demonstrate the following learning outcomes:

1. **Integrated Knowledge:** Integrate subject knowledge, human development theories, pedagogical skills, and effective communication strategies into their teaching practices.
2. **Value Incultation:** Promote national values and constitutional goals among students, fostering a sense of citizenship and responsibility.
3. **Agents of Change:** Act as catalysts for modernization and social progress, actively contributing to positive societal transformations.
4. **Global Perspective:** Foster social cohesion, international understanding, and advocacy for human rights and children's rights.
5. **Professional Commitment:** Develop into competent, dedicated professionals ready to undertake their roles and responsibilities effectively.
6. **Inclusive Teaching:** Utilize inclusive teaching strategies, demonstrating proficiency in regular and inclusive educational settings.
7. **Evaluation Skills:** Understand, develop, and apply diverse evaluation methods and tools in educational contexts.
8. **Societal Awareness:** Stay informed and sensitive to emerging societal issues such as environmental sustainability, population dynamics, gender equality, legal literacy, ICT proficiency, and the importance of yoga education.
9. **Critical Thinking:** Cultivate rational thinking and a scientific temper among students, encouraging analytical and logical reasoning.
10. **Social Realities:** Develop a critical awareness of social realities, enabling students to engage with and understand complex societal issues.
11. **Management Abilities:** Demonstrate practical managerial and organizational skills relevant to educational settings.
12. **Field Engagement:** Engage actively in fieldwork to enrich their understanding and practical skills.
13. **Problem-Solving:** Identify and address day-to-day challenges in educational environments through evidence-based research and problem-solving approaches.
14. **Interdisciplinary Approach:** Appreciate and apply multidisciplinary perspectives in education, fostering a holistic understanding of learning processes.
15. **Reflective Teaching:** Cultivate a habit of reflective teaching, encouraging continuous self-assessment and improvement in teaching practices.
16. **Professional Development:** Enhance professional capacities through critical reading, self-reflection, utilizing drama and art in education, and staying updated with educational advancements.
